An efficient approach for determining a value is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new e book, but do not embrace a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by making a variety of duplicate sales pages with completely different costs on each page. Make sure that your sales copy is precisely the same on each web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum price is.

Finally, in case you've written a e book that solves a downside or presents a brand new technique, your e-book will herald both visitors and profits.
