An efficient method for determining a price is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by making a sales web page for the brand new book, but don't embrace a value on that

page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Make sure your sales copy is strictly the same on every web page, and includes your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum price is.

Finally, if you've written a book that solves a drawback or presents a new technique, your book will bring in each traffic and profits.
