Besides selling your books assiduously on-line, there are several different methods that may make it easier to promote more books.

One is to present one thing away totally free together with your ebook, reminiscent of a valuable bonus item. Or bundle a number of ebooks under one price, which lowers the worth for every book in the event that they had been sold separately.

An efficient technique for figuring out a worth is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to

price. Do that by creating a sales web page for the brand new ebook, but do not embrace a worth on that page. As a substitute, add numerous links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with totally different prices on every page. Be sure your gross sales copy is exactly the identical on each page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum value is.

Ultimately, for those who've written a e-book that solves a problem or presents a brand new approach, your book will bring in both traffic and profits. So make sure to write that promoting-deal with sentence that sums up what downside your ebook solves and what the benefits of your 139 ebook shall be to the customers who buy it. And then watch your market come to you!
