Do this by making a gross sales page for the new e-book, but do not embody a price on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out costs by making a variety of duplicate sales pages with totally different prices on every page. Make sure that your sales copy is precisely the same on each page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum value is.

In the end, if you happen to've written a book that solves a problem or presents a brand new technique, your e-book will bring in both site visitors and profits.
