One other strategy is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Be sure that your sales copy is exactly the same on every page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.

In the end, in case you've written a book that solves a problem or presents a brand new technique, your e book will usher in both site visitors and profits.
