An effective method for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do that by creating a gross sales page for the new book, but do not embrace a worth on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out costs by making a variety of duplicate sales pages with totally different costs on each page. Make sure that your gross sales copy is exactly the identical on every web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum price is.

In the end, for those who've written a book that solves a problem or presents a brand new technique, your book will herald both traffic and profits.
