If your e book solves an issue or solutions questions in a new and distinctive means, it's best to value your book as high as you can go. If you want to see giant income over buyer draw, goal for an audience that is searching for easy options to their problems at a low price. Start on the highest price the market will bear to bring in the largest income, and plan to low cost the book a number of instances all through the year.

page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. This may let you know what your optimum price is.
