The important thing that unlocks the sales potential of your e book is to discover a single sentence that turns into your selling handle. This sentence states what question or drawback your book answers and the advantages your e-book can provide. Then make sure you use that sentence in every

piece of gross sales and promotional material, and each time anyone asks you about your ebook.

One is to present one thing away at no cost together with your ebook, corresponding to a beneficial bonus item. Or bundle several ebooks under one price, which lowers the value for each e-book if they were sold separately.

An efficient method for determining a worth is to send out a survey to your current customers. If these prospects have already bought a book from you, ask for his or her opinion by way of price. Do that by making a sales web page for the new guide, but do not include a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with different costs on each page. Be certain that your sales copy is precisely the same on every page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. It will inform you what your optimum price is.

In the end, if you happen to've written a book that solves a downside or presents a brand new technique, your e-book will herald both traffic and profits.
