An effective approach for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the brand new book, but don't embody a value on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with different prices on every page. Be certain that your sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum price is.

Finally, in the event you've written a ebook that solves a problem or presents a new technique, your e book will usher in both site visitors and profits.
