An effective technique for figuring out a price is to send out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price.

Do this by creating a sales page for the brand new guide, but do not embrace a price on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with totally different prices on every page. Be certain that your sales copy is strictly the same on each web page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum price is.

In the end, if you happen to've written a ebook that solves a drawback or presents a brand new approach, your book will herald both site visitors and profits. So be sure you write that selling-deal with sentence that sums up what problem your e-book solves and what the benefits of your 2135 e-book will likely be to the shoppers who buy it.
