Do this by creating a gross sales web page for the brand new book, but don't embody a price on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate sales pages with completely different costs on each page. Make sure that your sales copy is precisely the identical

on each page, and includes your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum price is.

In the end, should you've written a e-book that solves a drawback or presents a brand new technique, your book will bring in both traffic and profits.
