Besides promoting your books assiduously on-line, there are several different methods that can enable you to sell extra books.

One is to provide one thing away without spending a dime along with your e book, equivalent to a valuable bonus item. Or bundle a number of ebooks underneath one price, which lowers the value for each book in the event that they were bought separately.

An efficient approach for determining a worth is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a sales web page for the new e book, however don't embrace a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on each page. Ensure your gross sales copy is strictly the same on each

web page, and consists of your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum worth is.

Finally, should you've written a guide that solves a drawback or presents a new method, your e-book will herald each traffic and profits. So remember to write that promoting-handle sentence that sums up what drawback your ebook solves and what the advantages of your 2510 e-book will probably be to the purchasers who purchase it.
