An effective technique for figuring out a price is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales page for the brand new guide, but do not embrace a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to check out costs by making a number of duplicate sales pages with totally different costs on each page. Make certain your sales copy is strictly the same on each page, and

includes your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum price is.

Finally, when you've written a e-book that solves a drawback or presents a new technique, your guide will usher in each traffic and profits.
