An effective technique for figuring out a worth is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for their opinion in terms of price. Do that by creating a sales web page for the brand new guide, but do not embody a value on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by making a number of duplicate sales pages with completely different costs on every page. Be certain your gross sales copy is exactly the same on each web page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum worth is.

Finally, when you've written a guide that solves a drawback or presents a brand new approach, your ebook will bring in both visitors and profits. So you'll want to write that selling-handle sentence that sums up what problem your guide solves and what the advantages of your 2570 ebook will probably be to the shoppers who purchase it.
