Another strategy is to test out costs by creating a variety of duplicate sales pages with totally different prices on each page. Be sure your sales copy is precisely the identical on every web page,

and includes your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum value is.

Finally, should you've written a guide that solves a drawback or presents a new approach, your guide will bring in both visitors and profits.
