Another technique is to test out costs by making a variety of duplicate gross sales pages with completely different prices on each page. Ensure your sales copy is strictly the same on every page,

and includes your selling-deal with sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. It will inform you what your optimum value is.

Finally, if you've written a guide that solves a downside or presents a new approach, your e-book will bring in both traffic and profits.
