Advertising and marketing Methods

of sales and promotional material, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of different strategies that may allow you to promote more books.

One is to present one thing away without cost along with your e-book, similar to a useful bonus item. Or bundle several ebooks under one value, which lowers the value for every book if they were bought separately.

An efficient method for determining a value is to ship out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the brand new book, but do not embody a worth on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with different prices on every page. Be certain that your gross sales copy is exactly the identical on every web page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum price is.

Finally, in case you've written a e book that solves a drawback or presents a new method, your ebook will bring in each site visitors and profits.
