gross sales and promotional materials, and each time anybody asks you about your ebook.

Besides promoting your books assiduously online, there are a number of different methods that can show you how to promote more books.

One is to offer one thing away without cost together with your guide, reminiscent of a helpful bonus item. Or bundle several ebooks below one value, which lowers the worth for every ebook in the event that they had been sold separately.

An efficient approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a sales page for the brand new guide, however don't include a worth on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by creating a number of duplicate sales pages with totally different costs on every page. Be certain your gross sales copy is strictly the similar on every web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum price is.

In the end, for those who've written a guide that solves a downside or presents a new technique, your e book will bring in both visitors and profits.
