An efficient technique for determining a price is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion by way of price. Do this by creating a gross sales page for the new guide, but don't embrace a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with totally different costs on every page. Ensure your sales copy is strictly the same on every web page, and consists of your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum price is.

Ultimately, when you've written a guide that solves a downside or presents a new method, your e book will bring in both traffic and profits. So be sure you write that promoting-deal with sentence that sums up what drawback your guide solves and what the advantages of your 775 guide will probably be to the purchasers who buy it.
