If that is your foremost objective, you need to goal to keep your value on the low side. Some authors have even priced their ebooks at a profit loss to draw a high variety of new customers. The bottom line is to discover a worth that maximizes your profits and the number of books you sell.

This is a superb pricing strategy if you are looking to purchase long-time period customers. Lengthy-time period prospects are extremely seemingly to purchase from you once more and again ? as long as the first ebook they purchase is of exceptional quality and beneficial to the customer.

Nonetheless, in case your guide contains precious ? and extra importantly NEW information, references, or strategies ? then you must aim to cost it on the high end.

After you determine your goal, you will need to determine what your audience's want is to your ebook. For instance, does your guide solve a selected problem? If it does, and solves it in a manner that hasn't been written about in 100 different ebooks, you can be able to obtain high gross sales at a excessive price. If your ebook solves a problem or solutions questions in a new and distinctive approach, it's best to value your e-book as excessive as you'll be able to go. Just be ready on your competitors to undercut you on worth as quickly as they hear about your book.

Understand that the above pricing strategy is temporary. Finally, you will cease to promote books at this excessive price. So figure out prematurely how long you plan to supply your book at this high worth, and when that time is up, change your pricing strategy.

If you wish to see giant income over customer draw, goal for an viewers that's searching for easy solutions to their issues at a low price. In case your guide is aimed at solving one specific downside relatively than basic advice, then you may charge more. Begin on the highest value the market will bear to bring in the largest profits, and plan to discount the book a variety of occasions all through the year.

Then make sure you use that sentence in every piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of different methods that can make it easier to promote more books.

One is to provide something away for free with your e book, comparable to a useful bonus item. Or bundle a number of ebooks underneath one value, which lowers the value for each ebook if they had been sold separately.

An efficient approach for determining a price is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new guide, however don't embrace a worth on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Make sure that your sales copy is precisely the identical on each page, and includes your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This will inform you what your optimum worth is.

Finally, in case you've written a guide that solves a downside or presents a new method, your guide will bring in each visitors and profits. So be sure to write that selling-handle sentence that sums up what drawback your book solves and what the benefits of your *910* e book will likely be to the purchasers who purchase it.
