Then make sure to use that sentence in each piece of gross sales and promotional material, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously online, there are several different strategies that can enable you promote extra books.

One is to provide one thing away without spending a dime along with your e book, corresponding to a helpful bonus item. Or bundle several ebooks under one value, which lowers the price for each e-book if they were offered separately.

An efficient method for figuring out a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new ebook, but don't embody a price on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by creating a number of duplicate sales pages with completely different costs on each page. Ensure your sales copy is precisely the same on every web

page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum worth is.

In the end, for those who've written a guide that solves a problem or presents a new technique, your e book will herald both site visitors and profits. So you should definitely write that promoting-handle sentence that sums up what drawback your guide solves and what the advantages of your 945 guide might be to the purchasers who buy it. And then watch your market come to you!
