Marketing Strategies

The key that unlocks the sales potential of your book is to find a single sentence that turns into your promoting handle. This sentence states what query or downside your e-book answers and the benefits your e book can provide. Then make sure to use that sentence in every piece of sales and

promotional material, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of other strategies that can allow you to sell more books.

One is to provide one thing away totally free with your e book, similar to a worthwhile bonus item. Or bundle several ebooks below one worth, which lowers the worth for every book if they were bought separately.

An effective approach for figuring out a worth is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the brand new book, but don't embrace a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with different prices on each page. Be certain that your sales copy is precisely the identical on every page, and consists of your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum price is.

In the end, when you've written a book that solves a drawback or presents a brand new approach, your e-book will bring in both visitors and profits. So be sure you write that selling-handle sentence that sums up what downside your e book solves and what the advantages of your *Study Guide Urinary* ebook will likely be to the shoppers who purchase it.
